

CLALLAM COUNTY AMATEUR RADIO CLUB

Fall is right around the corner according to the leaves on my neighbors trees. This marks the time to finish up those antenna project etc outside before you know what is upon us.

Take a minute and think about the club for a few minutes. Financially we are in pretty good shape. We do however lack participation to help the club run smoothly.

Becky, W7RJW has informed us she will be stepping down this year from the Net Coordinator. What does it take time wise, gather up people who would run the net—not difficult as Becky will send you a list of those who do it now and a few phone calls will confirm whether they will do it again, most will. Ensure a list of participants and net controller gets published. Keep an eye on the net to ensure things are running.

The following committee positions are open and have been for over a year.

Activities Chair: Vacant
Health and Welfare: Vacant
Public Relations Chair: Vacant

None of these are time consuming. They are simply organizing something, ensure certain things get done, or picked up and moved.

For instance the Public Relations Chair main function would be to ensure word got out to the media about Field Day and perhaps a short article to the newspapers and radio stations. Organize for dignitaries to come to FD.

The activities chair would organize a holiday party—not hard, a few phone calls etc. Last year we had a great time at a local restaurant.

Surely you have some time to help out.

73, Chuck

We need articles for the QTC newsletter. This is your newsletter.

Tell us how you became interested in Ham Radio. What did you do over the summer (just like school) huh!

Did you put up a new antenna, buy a new radio? Tell us about it.

Did you try a new mode again tell us about it.

The more you submit the less blank space we will have!

Thanks, the staff!

CCARC QTC Newsletter

Just a little background on the QTC.

We use ccarcqtc@yahoo.com as a repository for information for the newsletter. So if you have something for the QTC, please send it to the yahoo address. Do not sent it to one of the editors as they will just have to turn around and resend it to the yahoo address.

Please make sure the article or information is complete. As we rotate editing the newsletter you cannot be sure which editor will be piecing the newsletter together.

Please remove as much formatting from within whatever program you are using if you know how, before sending it to ccarcqtc. We do not edit, except to change fonts to a standard non-serf font (Arial which is easer to read than Times Roman). We will run a spell checker.

When first conceived the editors were given free license, it still is that way. It was understood they would endeavor to include everything submitted, within reason. For instance, off color jokes etc are not going to be printed. Thanks,

Have an idea for a club program?
Pass them along to the members of the program committee: Bill Carter, Janet Parris, or Chuck Jones.
Thanks.

2 METER NETS

CCARC:

Every Thursday 7:00 pm on the W7FEL Repeater.

ARES/RACES:

Every Tuesday except 1st Tuesday of the month at 7:00 pm on W7FEL Repeater.

W7FEL Repeater: 146.76 MHz., offset down 600 KHz. with a tone of 100 Hz.

W7RJW "Net" Working

Some local nets to listen in on/participate in. This is one good way to learn how we communicate on the airwaves as amateur (ham) radio operators. I spent a year just listening to a couple of these nets and how experienced operators talk to each other, before I even tried for my Technician license. It REALLY helped me a lot. I strongly recommend doing this on a regular basis. Enjoy!

Sunday:

LDS (Latter Day Saints) Emergency Net (you don't have to be a member to participate) 6pm on 146.760

Monday:

Elwha Emergency Net 5:30 pm 0n 146.760

WARA (West Coast Amateur Radio Association) Club Net (Victoria, BC Canada) at 7pm on 146.840

Tuesday

ARES (Amateur Radio Emergency Services) Net 7pm on 146.760 (except for the first Tuesday of the month, when ARES meets at the Clallam County Courthouse)

Wednesday:

WARA (West Coast Amateur Radio Association) Emergency Net 7pm on 146.840 Simplex Net immediately following: on 146.580

Thursday:

CCARC (Clallam County Amateur Radio Club) Net 7pm 146.760

# Clallam County Amateur Radio Club General Meeting August 2013

1900 Meeting called to order by President Mike Rice, KF7VZZ with the Pledge of Allegiance. Introductions were made.

There was a delay caused by a software glitch inability to read a MS PowerPoint file brount by our presenter for the evening.

1932 Presentation by ARRL Northwestern Division Vice Director, Jim Pace, K7CEX who touched on topics of interest. Jim gave us clarity in the ARRL scholarship programs and a tour of the ARRL. He also described the ARRL outreach to local public school teachers.

2035 Break for coffee.

2045 Meeting called to order and minutes read.

2050 Approved continuing with Echo Link on our repeater.

2055 Review the board meeting items from the noon board meeting.

2058 Chuck WA7EBH and Nita KE7DRT ran the raffle. Winners were Bill Carter, Becky, Nita, Mike Rice and Chuck

2110 Meeting adorned.

# Clallam County Amateur Radio Club General Meeting August 2013

1155 Meeting called to order

1156 Approved ordering a new controller for Stripped.

1157 Approved the financials as presented by Ernie

- Discussion of reallocated key to the trailers—to save on logistics.
- Need for an inventory
- Approved sending a thank you letter to Les Schaub for their help.
- Selected Fireworks above Field Day
- Approved a building 2m Ground Plane antennas as a presentation.

1320 Adjourned

Submitted: Chuck N7BV

Looking for a tower climber? Call Kevin at A2Z Fencing 360-460-9504.

Do a search on "trees RF attenuation" and you will be surprised what comes up. Attenuation—not as much as you have heard about, below 2m not enough to be worried about. Just remember any antenna is better than none and trees are your friend for supporting them. http://www.smeter.net/daily-facts/11/fact30.php The government did many studies back in the sixties and seventies about using trees as antennas.

### Welcome to SOTA!

Summits on the Air (SOTA) is an award scheme for radio amateurs and shortwave listeners that encourages portable operation in mountainous areas. SOTA has been carefully designed to make participation possible for everyone - **this is not just for mountaineers!** There are awards for activators (those who ascend to the summits) and chasers (who either operate from home, a local hilltop or are even Activators on other summits).

SOTA is now fully operational in many countries across the world. Each country has its own Association which defines the recognized SOTA summits within that Association. Each summit earns the activators and chasers a score which is related to the height of the summit. Certificates are available for various scores, leading to the prestigious "Mountain Goat" and "Shack Sloth" trophies. An Honor Roll for Activators and Chasers is maintained at the SOTA online database.

See: http://www.sota.org.uk/

### **FROM OUR TREASURER**

Due to situations, the Treasurer's report will be presented live at the September meeting on the 11th.

Thanks,

Ernie Griffith
